

annual report & donor recognition

2008–2009

**Lady Minto Hospital Foundation**

## Dear Donors

We have changed our format for this year's Annual Report and Donor Recognition publication. As a way to consolidate our annual publications, we have included only the audited financial statements and donor lists along with a message from our President and Finance Committee Chair.

We encourage you to check out our regular Minto Messenger Newsletters, published twice a year (June and November) and available online at [www.ladymintofoundation.com](http://www.ladymintofoundation.com). Alternatively, we would be happy to mail the newsletter to you. Just call us at (250) 538-4847 to be added to our publications mailing list.

LADY MINTO HOSPITAL  
FOUNDATION  
BOARD OF DIRECTORS  
FISCAL 2008-09

**Officers:**

Gil Schultz – President  
Alan Wiggan – Past President  
David Southwell – Vice-President  
Mark Cutten – Treasurer  
David Feitelberg - Secretary

**Members at Large:**

Bob Food      Linda Matteson-Reynolds  
Greg Harneson      Matt Steffich  
Janine Fernandes-Hayden      Bryan Williams  
Bill Whitelaw

**Appointed Representatives:**

Dr. Don Shea – Medical Staff Representative  
Jennifer Williams – Auxiliary Representative  
Bill Relph – Site Manager, Rural Health

**Administration:**

Sharon Bond & Diana Hayes – Development Coordinators  
Karen Hosie – Administrative Assistant/Bookkeeper

# PLANNED GIVING

Through your estate planning, you can make a lasting gift that will provide the resources needed to ensure continued quality health care on the island. Remember no gift is too small and each gift makes a difference. Capital that is added to the endowed fund is held forever and invested to provide a steady source of income to the hospital. These gifts provide a dependable source of funding now and in the future.

In addition to bequests, there are many other ways to give. Please contact Diana Hayes or Sharon Bond, Development Coordinators at 538-4847 to discuss these options. Not only will your gift have a positive impact on our health care, but it can also result in significant tax advantages during your lifetime.

## LIFETIME GIFTS

- cash & securities
- appreciated property
- life insurance
- in memoriam & tribute gifts

## DEFERRED GIFTS

- bequest
- life insurance
- charitable gift annuities
- charitable remainder trust
- gift of residual interest

LadyMintoHospitalFoundation

## **PRESIDENT'S REPORT**

*David Feitelberg*

**N**otwithstanding a global recession and uncertain economic conditions prevailing in Canada, the Hospital Foundation Endowment fund has continued to hold its own and as at July 31st 2009, stood at \$2.48 Million. Markets continue to show signs of recovery and since the fiscal year end the Foundation's investments have grown by 10.6%. Next year we shall strive to reach the target of \$3 million to ensure a continuous benefit to Lady Minto Hospital in the future.

The 2009 Annual Golf Tournament, held on a beautiful sunny day on July 11th, raised \$25,000, with approximately 180 participants. This was a record for both the number of participants and the amount raised.

Our Phantom Ball campaign was initiated in June with the prize being a luxury Alaska Cruise for two, sponsored by Uniglobe Geo Travel. As at July 31st 2009, we had already received funds in

the amount of just under \$44,000 which will go towards priority equipment needs in the current fiscal year.

Our Development Committee has been extremely active this year in a unique and innovative program to promote philanthropy and giving in the community. This program is called "Kids Making Change" and will be coordinated with the local school system and will focus on the several ways children can help give something back to the community. The focus of this campaign is to promote the concept of young philanthropists, which has been defined as the "giving of time, talents and treasures". The school boards are very excited and enthusiastic about this program and it dovetails well with their curriculum.

In the coming year, in addition to the main X-Ray unit (digital fluoroscopy system) referred to below, we intend purchasing a cardiac monitor

*continued on next page*

For the fiscal year 2008-2009, we have spent approximately \$330,000 on equipment and projects. Some of these include:

**Development of the Extended Care Palliative Care Room with a private patio garden**

**Purchase of a new mobile X-Ray Unit**

**Purchase of new furniture and the upgrade of the lobby and emergency room waiting areas**

**Purchase of a number of minor equipment items valued at under \$5,000 each**

**A deposit towards the new X-Ray unit**

**Continued contributions to the Nurses Education Fund**

**Launch of the Extended Care Excursion Day Program**

and ceiling lamp for the emergency room, replacement equipment items in the emergency room, a new cardiac treadmill and a mobile ultrasound system. We also intend upgrading the outpatient physician offices and waiting room in the downstairs clinical area.

It is important to remember that despite the down turn in the economy, we shall have an increasing and ongoing responsibility to assist with equipment replacement and upgrades at Lady Minto Hospital and accordingly need the support of our community as much as ever.

We are of the view that in the coming year it is important to foster and further develop our relationship with VIHA. We need to learn what their long term plans are likely to be so that we can in turn prepare accordingly and develop our strategies in conjunction with those of VIHA. Furthermore it is equally important to constantly keep abreast of the expressed needs of the hospital staff and the community they serve to endeavour to implement or create situations, in conjunction with VIHA, which will maximize our resources and those of VIHA for the benefit of staff and patients alike.

## PEOPLE WHO MAKE A DIFFERENCE

We constantly hear from everyone about what terrific treatment and care they have received from the wonderful and dedicated professionals and staff throughout the hospital. It is this experience that no doubt results in the generosity

of the community towards the hospital and we are truly grateful to all those so involved.

Our Phantom Ball and Golf Tournament have now, for many years, been expertly managed by Diana Hayes and Sharon Bond, respectively. These events undoubtedly owe their success to the leadership of Diana and Sharon. They also are the Development Co-ordinators for the Foundation and are very ably aided by Karen Hosie, our part time administrative assistant and bookkeeper, who assists with receipting and acknowledging of donations.

Bill Relph, our VIHA Site Manager, is a constant source of knowledge and help in assisting us in trying to maximize our resources to enhance and improve the quality of medical services for the patients. We certainly appreciate his time given his extremely busy schedule.

*Gil & Fran Schultz*

We are very grateful for all the work and support of the Board Members over the past year. Gil Schultz, Past President, along with his wife Fran, are leaving for a volunteer stint at the Victoria Augusta Hospital in East Jerusalem. Gil will be working on securing grants for the hospital which is his forte and Fran will be teaching English as a second language to staff members. We shall certainly miss Gil's excellent leadership and hard work and we wish them both an exciting experience and safe return.

I would also like to thank Linda Matteson-Reynolds and Janine Fernandes-Hayden who are resigning after serving for two years on the

*continued on next page*

Board. They have both worked extremely hard. In Linda's case, she has left her mark with the development of the website, the Kids Making Change campaign, the Golf Tournament and professional photography at many events and for various publications. In Janine's case, she has spearheaded the exciting Kids Making Change campaign and has had numerous meetings with school board officials in preparation for the launch of this campaign in September.

After six years service each, Alan Wiggan and Bob Food will be retiring from the Board. Alan also served as President for two years and played a large role in the rapid growth of the Endowment Fund, which has grown from \$479,000 in 2002 to \$2,450,000 in 2009.

Bob Food chaired the then Community Relations & Development Committee and sat on the Finance Committee for many years,

also taking responsibility for our investment portfolio currently managed by Leith Wheeler. Above all we shall miss Alan and Bob for their ever-innovative ideas invariably tabled very persuasively and with a great sense of humour. Their presence on the Board will be sorely missed, and we sincerely hope that we shall continue to be able to obtain advice from them in the future.

Fortunately we have already obtained commitments from certain very competent replacements whose appointments will be announced after the elections at the Annual General Meeting September 17th, 2009.

Finally to all our donors, thank you for your amazing generosity. We never cease to be inspired by your benevolence, which motivates us all to achieve greater goals. ■

## **FINANCIAL REPORT**

Fiscal Year April 1, 2008–March 31, 2009

*Mark Cutten, Chair, Finance Committee*

**T**he Lady Minto Hospital Foundation has a serious commitment to the Island hospital community to participate, in partnership with the Vancouver Island Health Authority, in the funding of major on-going and new project and equipment acquisitions.

We are all very aware of the current global market decline and recession and this has certainly been a contributing factor to the 2008/09 financial year for the Foundation. First of all, this is probably a major reason for our decrease in donations from \$584,360, for the fiscal year ended March 31/08, to the \$289,618 reported in the current year. Also, the March 31/09 market value for our investments was \$2,246,474, which meant for a decrease in the reported value of our investment by \$545,716. This is recorded in the current financial statements as an “Unrealized loss on investments”, and I emphasize the description “Unrealized” as the market value of our investment portfolio did rebound to \$2,480,000 (approx.) as at July 31/09. Overall, the Foundation is in a solid financial position with net assets of almost \$2.64 million. Excluding the investment loss, the total revenues, net of expense, was \$350,704 for the year (2008 - \$747,096). The amount paid through V.I.H.A. and directly to the hospital was \$317,855 (2008 - \$219,148). Our current estimate for this expenditure for the 2009/10 fiscal year is \$265,000. Reference to the attached Presidents Report will list the many equipment items and projects included in the expenditures referred to above.

I would encourage you to take the time to review the attached financial statements. To better understand our complete and positive financial picture, a copy of the full financial statements with the notes can be obtained from the Foundation office at the hospital.

Thank-you for your continued support and generosity. The Board recognizes its financial responsibility to its many donors, and the community-at-large, to assist in maintaining a vibrant hospital on the Island. ■

### **DONOR RECOGNITION AND THE PRIVACY ACT**

As part of our donor recognition policy, the Foundation publishes a list of annual donors of \$250 and up in the Annual Report. The report is distributed each fall to our donors from the previous two fiscal years. If you do not wish your name to appear on this list, please contact our office at 538-4845, or email us at [LadyMinto.Foundation@viha.ca](mailto:LadyMinto.Foundation@viha.ca).

The Lady Minto Hospital Foundation is committed to protecting the privacy of the personal information of its donors. Personal information gathered by our organization is kept in confidence. We do not sell or trade donor information with any other organization or individual. At all times, the Foundation adheres to the Association of Fundraising Professionals' Code of Ethics and Practice Standards, which protects donor confidentiality.

# KIDS MAKING CHANGE CAMPAIGN

SEPTEMBER 2009

Patients and visitors to the hospital can expect to be greeted by a new panel on the Donor Wall, honoring “young philanthropists”. Over the past year, a number of school-aged youth have raised money through carwashes and bottle drives and donated the proceeds to the Lady Minto Hospital Foundation. We recognized the need to celebrate, validate and encourage young people who get involved in their community and particularly with the hospital.

Our discussions about “young philanthropists” led us to realize that there were many more youth in our community giving to Lady Minto, not only in terms of monetary donations but also through formal programs such as the Candy Strippers and

junior volunteers, as well as informally and independently giving of their time. Soon a new campaign idea emerged and the “Kids Making Change” campaign was born. The purpose of the campaign is to promote the concept of youth philanthropists, which we have defined as the giving of “time, talents and treasurers”.

Here’s what’s involved; students will write letters to patients, draw pictures that will be posted on

the walls of patients’ rooms, provide their musical talents to residents in the Extended Care Unit and paint wooden tulips that will brighten up the entranceways to Acute Care and Extended Care. That’s the “time” and “talents” portion.

The “treasure” is in the loose change that seems to collect in little bowls or the bottoms of drawers or piggy banks. Students will come home with a collection can to collect that loose change -

theirs, their families and perhaps their families’ friends and that change will be used to buy a paediatric wheelchair for the Hospital. It’s important to note that this is not a door-to-door campaign. It’s about learning that even a little change can make a difference.

If you, as a parent or grandparent,

volunteer regularly, then you know the good feelings that come from giving of ourselves. If we expose our kids to that kind of experience, we will help them develop a greater love and respect for others and teach them a more philanthropic way of life.

We are truly excited about this great community campaign and hope that you will share in our enthusiasm. ■

*Extended Care resident, Frances Antonik, and cellist Rylan Gajek*

## IN MEMORIAM GIFTS

Memorial gifts are a wonderful way to remember loved ones, and to share gifts that truly make the difference for patients and residents. We are always grateful when families name the Lady Minto Hospital Foundation for this purpose.

Since the Foundation began in 1992, we have received a total of 3,647 memorial gifts for a total

of \$535,427. Donors can be assured that their memorial gifts will assist the hospital with much needed equipment purchases.

All memorial names are listed on our Donor Recognition Wall in the front Lobby of the hospital. The memorial names panel is updated twice a year. ■

## On Our Covers

FRONT:

### Maddee Nash: KMC Campaign Contributor

Maddee is a Grade 9 student at Gulf Islands Secondary School and a perfect example of what you would call a “Go Getter”. She loves acting and has done years of Stagecoach Theatre. She plays flute and is a French Immersion student. She had her Bat Mitzvah this past year because she wanted to keep the tradition of her father's family alive — not because anyone expected her to do it. It was a big deal as she had to cram all of her Hebrew lessons into one year, commuting off island each weekend to study and prepare. She was noted for her mastery of Hebrew in such a short time that she could actually read from the Torah and not just repeat from memory.

Maddee has the makings of an entrepreneur. She has developed her own line of note cards that she has sold at the Saturday Market. As part of the Kids Making Change Campaign, Maddee contributed her “time” and “talent” by designing a Get Well card that was included in the package that was given to each elementary student as part of the campaign.
